8th of March 2015 marks the lapse of one calendar year since **Flight MH370** went missing. Voice370, the MH370 NOKs Family Support Group is hosting “**A Day of Remembrance**” for loved ones on **MISSING FLIGHT MH370**. Nobody knows their fate, what happened to them or where they are. It is an occasion for the families to express their feelings for their loved ones and to remind the world that in the interest of Aviation Safety, there is a compelling need to find the truth to enable appropriate remedial action. We do not want anybody else to go through this agony that has come upon us.
