BSA Limited (ACN 088 412 748)
Respondent

AND BETWEEN

BSA Limited (ACN 088 412 748)
Cross-Claimant (Third Cross-Claim)

Persons referred to in Schedule A to this Third Cross-Claim
Cross-Respondents (Third Cross-Claim)

STATEMENT OF CROSS-CLAIM AGAINST ORDINARY GROUP MEMBER TECHNICIANS AND THEIR ASSOCIATED CORPORATE ENTITIES (THIRD CROSS-CLAIM)

1. By a Statement of Claim (**SOC**) dated 23 July 2020, the First Applicant and First Respondent to the First Cross-Claim (**Bradshaw**) claims against the Respondent and Cross-Claimant (**BSA**) that:
 - (a) Bradshaw, and each person within the group described in paragraph 7 of the SOC (collectively, **OGM Technicians**), was an employee of BSA and entitled to be remunerated, and to receive other benefits and entitlements (including annual leave, personal leave and various allowances under the *Telecommunications Services Award 2010*);
 - (b) Bradshaw and the other OGM Technicians are entitled to be paid compensation by BSA under s 545(1) of the *Fair Work Act 2009* (Cth), including an amount to put Bradshaw and each OGM Technician in the position he or she would have been in, had he or she been treated as an employee;
 - (c) BSA is liable to pay Bradshaw and each OGM Technician a pecuniary penalty under s 546 of the *Fair Work Act 2009* (Cth); and
 - (d) (in the alternative), if Bradshaw and the OGM Technicians were each an independent contractor and not an employee (as is Bradshaw's primary case) that

the contracts they allege existed between them and BSA were unfair or harsh within the meaning of s 12 of the *Independent Contractors Act 2006* (Cth), and should be varied under s 16 of that Act such that Bradshaw be paid an amount to put him in the position he would have been in had he been an employee of BSA.

Particulars

The SOC is in writing.

2. By its Defence (which BSA relies upon), BSA denies Bradshaw's claims, and says instead that:
 - (a) BSA entered into agreements with incorporated entities (and not OGM Technicians) for the provision of services; and
 - (b) one of those entities was SEDP.

Particulars

BSA's Defence is in writing.

3. If, contrary to BSA's Defence:
 - (a) any of the OGM Technicians listed in the third column of Schedule B to this Cross-Claim was an employee of BSA; or
 - (b) any of the OGM Technicians personally had a contractual relationship with BSA pursuant to which he/she was an independent contractor; and
 - (c) BSA is liable to pay any amount to any OGM Technician,

BSA makes the allegations in paragraphs 4 to 42 below against any such OGM Technician and their associated OGM Technician Corporate Entity (as that term is defined below), in respect of dealings purportedly between BSA and that associated entity (and where an OGM Technician has more than one associated OGM Technician Corporate Entity, the allegations are brought in respect of the respective dealings between BSA and each of those entities respectively).

4. BSA is and at all times during which BSA dealt with the relevant OGM Technician Corporate Entity associated with the OGM Technician (hereafter referred to **at all material times**) was:
 - (a) a corporation; and,

 - (e) in the alternative to subparagraph 5(d), was, at all material times, a technician who physically performed services for which their associated OGM Technician Corporate Entity was paid by BSA.
6. Each of the corporate entities listed in the first column of Schedule B (**OGM Technician Corporate Entities**):
- (a) was at all relevant times during its dealings with BSA, a corporation duly incorporated; and
 - (b) is able (subject to reinstatement, if required) to sue and be sued.

13. In the premises, as each OGM Technician Corporate Entity engaged its associated OGM Technicians to perform work at all material times, each OGM Technician Corporate Entity was obliged to ensure that:
 - (a) the/each associated OGM Technician was paid all entitlements arising under employment, industrial or workplace obligations in the performance of that work, including all wages, salaries, bonuses, penalties, loadings, allowances, and leave entitlements to which he or she was entitled in the performance of that work; and
 - (b) it complied with all requirements prescribed by law or instruments applicable to the engagement of the/each associated OGM Technician to perform that work including, if applicable, the *Telecommunications Services Award 2010*.
14. In the premises pleaded in the SOC, Bradshaw claims on behalf of each OGM Technician that:
 - (a) he or she was not relevantly paid certain wages, penalties, allowances and leave entitlements alleged to be owing to him or her;
 - (b) BSA was, and is, liable for making such payments to him or her.

 - (b) it complied with all requirements prescribed by law or instruments applicable to the engagement of the OGM Technician to perform that work including, if applicable, the *Telecommunications Services Award 2010*.
16. In the premises, if (which is denied) BSA is found to be liable to an OGM Technician for the entitlements and amounts claimed on behalf of him or her:
 - (a) such liability arises from the associated OGM Technician Corporate Entity's failures pleaded in paragraph 15 above;
 - (b) such liability will be a loss suffered, incurred or sustained by BSA:

- (i) by reason of the failure by the associated OGM Technician Corporate Entity to pay all costs incidental to its engagement of the OGM Technician including all wages, salaries, bonuses, penalties, loadings, allowances, and leave entitlements subject to law;
- (ii) by reason of the associated OGM Technician Corporate Entity's failure to comply with all requirements prescribed by law or instruments applicable to the OGM Technician including, but not limited to, industrial relations legislation and industrial instruments such as enterprise agreements or modern awards;
- (iii) relating to a contravention of law or statutory obligation arising as a result of the associated OGM Technician Corporate Entity's acts or omissions in failing to ensure that the associated OGM Technician Corporate Entity complied with all requirements prescribed by law or instruments applicable to the engagement of the OGM Technician to perform that work including, if applicable, the *Telecommunications Services Award 2010*;

17. In the premises, if (which is denied) BSA is found to be liable to an OGM Technician for the entitlements and amounts claimed on behalf of him or her, the associated OGM Technician Corporate Entity:

- (a) has breached one or more of the clauses of the relevant BSA Agreement referred to in paragraph 12(a) above and is liable to compensate BSA for the entitlements and amounts payable to the OGM Technician; and/or
- (b) is liable to indemnify BSA against any such liability pursuant to one or more of the clauses of the relevant BSA Agreement referred to in paragraph 12(b) above.

Breach of contractual term

19. Each OGM Technician is not, and was not at any material time, incorporated as a company.
20. In the premises, if (which is denied) BSA entered into any BSA Agreement with any OGM Technician:
 - (a) that OGM Technician breached the Incorporation Term; and
 - (b) by reason of such contravention, BSA suffered loss and damage.

Particulars

Had the Incorporation Term been complied with, BSA would not have had any liability to the OGM Technician of the kind alleged by Bradshaw.

Rescission of the BSA Agreements

21. BSA entered into each BSA Agreement on the basis that:
 - (a) BSA had a contract with the OGM Technician Corporate Entity named in the BSA Agreement;
 - (b) the OGM Technician Corporate Entity named in the BSA Agreement was to provide the services pursuant to the agreement;
 - (c) in physically performing services, the associated OGM Technician(s) of the OGM Technician Corporate Entity named in the BSA Agreement would do so as the representative(s) of the OGM Technician Corporate Entity; and
 - (d) BSA did not have a contractual relationship with the above associated OGM Technician(s) personally, whether as an employee, independent contractor or otherwise.
22. Each OGM Technician Corporate Entity entered into BSA Agreements to which it was named as a party on the basis of the matters set out in paragraph 21(a)-(d) herein.
23. Alternatively to paragraph 22 herein, if (which is denied), any OGM Technician was party to any BSA Agreement which named his or her associated OGM Technician Corporate Entity as party, that OGM Technician entered into that agreement on the basis of the matters set out in paragraph 21(a)-(d) herein.
24. BSA made the Payments and the GST Payments to each OGM Technician Corporate Entity on the basis that, in respect of that OGM Technician Corporate Entity:
 - (a) it had a contract with the entity, constituted by the applicable BSA Agreement executed in the name of that entity, on foot at the time of payment;
 - (b) the services were being provided to BSA by the OGM Technician Corporate Entity;
 - (c) the services were not being provided to BSA by any associated OGM Technician personally, whether as an employee, independent contractor or otherwise;
 - (d) BSA was contractually obliged to make the Payments and the GST Payments to the OGM Technician Corporate Entity;
 - (e) BSA did not have a contractual relationship with any associated OGM Technician personally; and
 - (f) in physically performing the services, the associated OGM Technician(s) was (or were) doing so as the representative(s) of the OGM Technician Corporate Entity.
25. If (which is denied) the matters set out in paragraph 3 herein apply to any OGM Technician, then:

- (a) one or more of the matters set out in paragraph 21(a)-(d) herein was wrong in respect of that OGM Technician and the associated OGM Technician Corporate Entity;
- (b) one or more of the matters set out in paragraph 24 herein was wrong in respect of that OGM Technician and the associated OGM Technician Corporate Entity;
- (c) by reason of the matters set out in paragraphs 21 to 23 herein, BSA, the OGM Technician and/or the associated OGM Technician Corporate Entity entered into relevant BSA Agreement(s) under a common mistake of material fact, further or alternatively a common mistake of law;
- (d) by reason of the matters set out in subparagraph (c) herein, each BSA Agreement relating to the OGM Technician should be set aside as void in equity;
- (e) the OGM Technician Corporate Entity received the Relevant Payments (defined at (f) below) on behalf of the OGM Technician, or at the direction of the OGM Technician; and
- (f) in the premises, the OGM Technician, further or alternatively the associated OGM Technician Corporate Entity, is liable in equity to restore the Payments and GST Payments made to the associated OGM Technician Corporate Entity in respect of the services physically performed by the OGM Technician (collectively, **Relevant Payments**) following the rescission of the relevant BSA Agreement(s).

Restitution claim

- 26. If (which is denied) the matters set out in paragraph 3 herein apply to any OGM Technician, then by reason of the matters set out in paragraphs 24 and 25(b) herein, BSA made the Relevant Payments:
 - (a) under a mistake of fact, further or alternatively, under a mistake of law; and/or
 - (b) for consideration that has wholly failed.
- 27. In the circumstances set out in paragraphs 25(e) and 26 herein, the OGM Technician, further or alternatively the associated OGM Technician Corporate Entity, has been unjustly enriched by:
 - (a) in the associated OGM Technician Corporate Entity's case, receiving the Relevant Payments; and
 - (b) in the OGM Technician's case, the Relevant Payments having been received:
 - (i) on behalf of, or at the direction of, the OGM Technician;

- (ii) further or alternatively (as applicable) as the sole controller and/or sole beneficial owner of the associated OGM Technician Corporate Entity.

28. In the premises, if (which is denied) the matters set out in paragraph 3 herein apply to any OGM Technician, BSA is entitled to be repaid the amount of the Relevant Payments received by the associated OGM Technician Corporate Entity from that entity, further or alternatively, from that OGM Technician.

Misleading and deceptive conduct – the Incorporation Representation

29. Under each BSA Agreement, the contractual counterparty to BSA warranted, agreed or acknowledged that it is incorporated as a company (see paragraph 18 herein).

30. By giving, or offering to give, the warranty, agreement or acknowledgement that it is incorporated as a company, the contractual counterparty to BSA under each BSA Agreement represented that:

- (a) at the date of the BSA Agreement it was; and/or
- (b) at all times during the term of the BSA Agreement thereafter it would be, incorporated as a company (**Incorporation Representation**).

31. If (which is denied), BSA entered into any BSA Agreement with any OGM Technician, then:

- (a) by making the Incorporation Representation, the OGM Technician acted in trade or commerce for the purposes of one or more of the **State / Territory Misleading Conduct Provisions** (being the provisions in the third column of the table at Appendix 1 to this Statement of Cross-Claim);
- (b) the Incorporation Representation was false (and insofar as it related to future matters, was made without reasonable grounds), in that the OGM Technician was a natural person and not a company;
- (c) in the premises, the OGM Technician engaged in misleading or deceptive conduct or conduct which was likely to mislead or deceive, and thereby contravened one or more of the State / Territory Misleading Conduct Provisions.

32. If (which is denied) BSA entered into any BSA Agreement with any OGM Technician, and if (which is denied) the matters set out in paragraph 3 herein apply to that OGM Technician, then:

- (a) BSA has suffered loss or damage because of the contravention by that OGM Technician set out in paragraph 31(c) above; and

Particulars

Had the contravention not occurred, BSA would not (on the assumed premise) have entered into the relevant BSA Agreement(s) with the OGM Technician. BSA accordingly would not have made the Relevant Payments to the associated OGM Technician Corporate Entity, and would not have incurred liabilities to the OGM Technician of the kind referred to in paragraph 3(c) above.

Had the contravention not occurred, BSA would have acquired services physically performed by the relevant OGM Technician under the relevant BSA Agreement from a third party corporation. It would have made payments to that corporation of similar value to the Relevant Payments in fact made, but would not have incurred any liabilities to a technician of the kind referred to in paragraph 3(c) above.

- (b) BSA is entitled to compensation from the OGM Technician under one or more of the **State / Territory Compensation Provisions** (being the provisions in the fourth column of the table at Appendix 1 to this Statement of Cross-Claim).

Misleading or deceptive conduct – general conduct

- 33. Whilst purportedly providing services to BSA, each OGM Technician Corporate Entity through its conduct, represented to BSA that:
 - (a) the OGM Technician Corporate Entity was providing, and would continue to provide, services to BSA;
 - (b) the OGM Technician Corporate Entity was providing, and would continue to provide, services to BSA as an independent contractor; and
 - (c) services provided to BSA were not being, and would continue not to be, provided to BSA by any associated OGM Technician:
 - (i) in the capacity of an employee; or
 - (ii) personally as an independent contractor.

Particulars

- (A) BSA refers to and repeats paragraphs 9 to 11 herein;
- (B) each BSA Agreement naming the relevant OGM Technician Corporate Entity was stated to be executed by that entity and contained statements to the effect that the services were being provided by the OGM Technician Corporate Entity as an independent contractor;

- (C) each OGM Technician Corporate Entity did not, at any time prior to the filing of the SOC in the primary proceeding on 23 July 2020, advise BSA that, despite purportedly entering into BSA Agreements with BSA, the OGM Technician Corporate Entity was not in fact providing services to BSA;
- (D) any conduct engaged in by any associated OGM Technician on behalf of the OGM Technician Corporate Entity that caused or contributed to the representations pleaded in paragraph 33 herein is attributed to the OGM Technician Corporate Entity by virtue of ss 84(2) and/or 139B(2) of the *Competition and Consumer Act 2010* (Cth), s 84 of the *Trade Practices Act 1974* (Cth) and/or one or more of the **State / Territory Attribution Provisions** (being the provisions in the seventh column of the table at Appendix 1 to this Statement of Cross-Claim).

(subparagraphs (a), (b) and (c) together are referred to below as the **General Representations**).

34. Further or alternatively to paragraph 33, the General Representations were made by each OGM Technician.

Particulars

Each OGM Technician did (or did not do) one or more of the following:

- (A) authorised and permitted the BSA Agreements, naming the associated OGM Technician Corporate Entity, to be executed by him/her on behalf of the OGM Technician Corporate Entity, and not by him/her personally;

- (C) did not, at any time during the negotiation of, or at the time of executing, any BSA Agreement, further or alternatively any time thereafter, advise BSA that he/she considered himself/herself to be an employee of BSA, or an independent contractor to BSA in his/her personal capacity, and or to be providing services on that basis;

- (D) did not, at any time during which he/she was physically performing services, personally seek payment for those services, but rather authorised and permitted the associated OGM Technician Corporate Entity to receive Relevant Payments made to the OGM Technician Corporate Entity, on behalf of the OGM Technician Corporate Entity, in the manner described in paragraphs 10 to 11 herein;
 - (E) did not, at any time during which he/she was physically performing services, personally seek payment for those services, but rather acquiesced in BSA making Relevant Payments to the associated OGM Technician Corporate Entity.
- 35. The General Representations were made by each OGM Technician Corporate Entity in trade or commerce for the purposes of s 18 of the Australian Consumer Law being Sch 2 to the *Competition and Consumer Act 2010* (Cth) (**ACL Cth**), s 52 of the *Trade Practices Act 1974* (Cth) and one or more of the State / Territory Misleading Conduct Provisions.
- 36. Further or alternatively, the General Representations were made by each OGM Technician in trade or commerce for the purposes of one or more of the State / Territory Misleading Conduct Provisions.
- 37. To the extent that the General Representations related to future matters, BSA relies on s 4 of the ACL Cth, s 51A of the *Trade Practices Act 1974* (Cth) and/or one or more of the **State / Territory Future Matters Provisions** (being the provisions in the fifth column in the table at Appendix 1 to this Statement of Cross-Claim).
- 38. If Bradshaw succeeds in the claims he makes on behalf of any OGM Technician, then one or more of the General Representations was not true in respect of that OGM Technician and:
